NOTE TO CONTRIBUTORS

Non-controversial articles on labour matters of topical interest (e.g. labour and wage policy; industrial relations; industrial management; trade union movement; labour welfare; workers' participation in management; employment/ unemployment; labour research of empirical value and general interest etc.) are accepted for publication in this Journal. The articles generally not exceeding ten thousand words may be sent in a C.D in Microsoft Word only with a print out in double space on one side foolscap paper, addressed to the Director General, Labour Bureau, 'Shram Bureau Bhawan', Block No.2, Institutional Area, Sector-38 West, Chandigarh-160036 along with a declaration by the author that the article has neither been published nor submitted for publication elsewhere. All references and footnotes, may be given only at the end of the articles.

Authors are solely responsible for the factual accuracy and the opinion expressed in their signed articles. The Labour Bureau, however, reserves the right to edit, amend and delete any portion of the article to make it more presentable and to reject any article, if not found suitable. The articles which are rejected will not be returned and no correspondence will be entertained on the articles which are rejected by the Editorial Committee.

A copy of the Journal, in which the article appears, is supplied to the author. An honorarium of up to Rs. 1,000 is also payable as per the rules for each article published.

संक्षेप में समाचार NEWS IN BRIEF

(अ) (a) भारतीय श्रम INDIAN LABOUR

The news items reported below have been gleaned from various official and unofficial sources. The Labour Bureau is not in a position to vouchsafe the authenticity of the unofficial news items.

Ministry of Labour and Employment signs Memorandum of Understanding (MoUs) with various Private Job Portals/Employers - The Ministry of Labour and Employment signed Memorandum of Understanding (MoU) with leading private job portals, companies/employers and skill providers to integrate with National Career Service (NCS) portal of the Ministry. The objective of MoUs is to enhance employment opportunities and services for jobseekers on NCS portal. The private job portals partnering with the Ministry of Labour and Employment will share their vacancies on NCS so that the NCS registered jobseekers can seamlessly apply for such vacancies. On behalf of Ministry of Labour and Employment, the MoUs were signed by Shri Amit Nirmal, Deputy Director General (Employment) in the presence of Smt. Arti Ahuja, Secretary Ministry of Labour and Employment and Shri Ramesh Krishnamurthi, Additional Secretary (Labour and Employment). The MoUs were signed with TeamLease HRtech (Freshersworld), Monster.com India Pvt Ltd referred as found it, QUESS CORP Limited, Delivery Track (VSS Tech), KARPAGA Assessment APP MATRIX Services Private Limited (HireMee), QUIKR INDIA Private Limited, TCS iON, and First job.co.in to share their vacancies with NCS portal. These vacancies will enhance the employment opportunities to the NCS registered jobseekers. More than 30 lakh eShram registered workers of the unorganized sector who have joined NCS so far, would also be benefitted from this partnership. The Ministry of Labour and Employment also signed an MoU with TCS iON to provide free of cost online soft skill employability training to the job seekers registered on NCS Portal both in English as well as Hindi language. This employability training was found very useful in enhancing the employability skills of the jobseekers. Such trainings would help to improve the quality of the work force on their selection. An MoU was also signed by Ministry of Labour and Employment with KARPAGA Assessment APP MATRIX Services Private Limited (HireMee) to provide a free of cost facility to the jobseekers for self assessing their suitability for a job through aptitude test. The employers will also be benefitted by this feature as they can view the scores of aptitude test and easily do first level of scrutiny which will eventually reduce time in selection of the candidates. On this occasion, Smt. Arti Ahuja, Secretary, Labour and Employment emphasized that such partnership is important from the perspective of the jobseekers of the country. She highlighted that the NCS portal was also appreciated by the participants of the G20 - Employment Working Group. She also desired to have further partnerships with various government and private organizations which would help NCS to serve better to both jobseekers and employers at large. Earlier during the day (12.09.2023), Ministry of Labour and Employment also held a meeting with the representatives of Placement Organisations, Employers and Private job portals under the chairmanship of Shri Ramesh Krishnamurthi, Additional Secretary, Ministry of Labour and Employment to discuss various aspect relating to improving and strengthening the partnership with NCS portal. The participants of the meeting put forth the suggestions with regards to the challenges and issues being faced by the employers during employment process. The participants also gave their suggestions on the proposed upgradation of the NCS portal.

(PIB, 12.09.2023)

19.88 lakh new workers enrolled under ESI Scheme in the month of July, 2023 - Around 27,870 new establishments have been registered and brought under the social security umbrella of the Employees' State Insurance Corporation in the month of July, 2023, thus ensuring more coverage. Data evidently reveals that more jobs have been generated for the youth of the nation as out of the total 19.88 lakh employees added during the month, 9.54 lakh employees up to the age group of 25 years constitute the majority of new registrations which is 47.9 % of the total employees. Gender-wise analysis of payroll data indicates that net enrolment of female members

has been 3.82 lakh in July, 2023. The data shows that a total 52 transgender employees have also got registered under ESI Scheme in the month of July, 2023. It shows that ESIC is committed to deliver its benefits to every section of the society. The payroll data is provisional since the data generation is a continuous exercise.

(PIB, 20.09.2023)

Uptick in NREGS demand continues, August sees a spike of 25.8% from last year - After a brief drop in demand in 2022-23, there has been an uptick in the number yet again under Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) with over 1.73 crore families availing the scheme in August 2023. The data available on the NREGS portal shows the number of households which availed the rural job guarantee scheme in August this year was 25.85 per cent higher as compared to 1.37 crore in the same month last year. During the COVID pandemic, the figure stood at 2 crore in August 2020, and 2.11 crore in August 2021. However, before the outbreak of the COVID-19 pandemic, it was at a much lower level-1.22 crore in August 2019. The August 2023 figure of families which worked under the NREGS could have been higher if the scheme was working in West Bengal. The Centre has stopped release of funds to West Bengal, resulting in no work in the state. This is the reason that West Bengal reported only 10 households availing NREGS in August 2023. In fact, the demand for work under the NREGS has remained high during the first five months of the current financial year months of the current financial year as the number of households availing the scheme reached 2 crore in April, 2.56 crore in May, 3.05 crore in June, and 2.09 crore in July. The MGNREGA guarantees 100 days of wage employment in a financial year to every rural house hold whose adult members volunteer to do unskilled manual work. The scheme had emerged as a safety net for poor and migrant workers who returned to their villages in the wake of COVID-19 pandemic. In 2020-21, which witnessed the outbreak of COVID-19 and subsequent nation-wide lockdown, the annual figure of families availing the scheme hit the all-time high of 7.5 crore. It came down in the following two years-7.25 crore in 2021-22, and 6.18 crore in 2022-23. However, it has started rising again since the beginning of 2023-24. Till September 23, 2023 the cumulative number of families availing the rural job guarantee scheme has reached 4.8 crore. A monthly analysis of the growing demand under the NREGS shows that almost 11 per cent more households availed the scheme during April 2023 (2 crore) as compared to 1.83 crore in April 2022. It was 9.47 per cent higher in May this year as compared to the same month last year, 11.04 per cent higher in June 2023 compared to June 2022, and 19.38 per cent higher in July. Tamil Nadu (54.61 lakh), UP (17.61 lakh), Rajasthan (13.07 lakh), MP (9.67 lakh) and Kerala (9.49 lakh) were top five states availing NREGS during August 2023.

(The Indian Express, 26.09.2023)

PM Modi to virtually distribute 51,000 appointment letters to new recruits - Prime Minister Narendra Modi will give out approximately 51,000 appointment letters to new recruits through a video conference. This employment event, known as the Rozgar Mela, will occur at 46 locations nationwide. Recruitment is happening in various government sectors, including central government departments and state governments and Union Territories (UTs). The new recruits will be joining different Ministries and Departments, such as the Department of Posts, Indian Audit and Accounts Department, Department of Atomic Energy, Department of Revenue, Department of Higher Education, Ministry of Defence, Ministry of Health and Family Welfare, and others. The Rozgar Mela represents the Prime Minister's commitment to prioritize job creation. It is anticipated to stimulate further employment opportunities and empower youth to participate in national development. The newly appointed individuals will also have the chance to undergo training through Karmayogi Prarambh, an online module accessible on the iGOT Karmayogi portal. This platform offers over 680 e-learning courses for flexible learning on any device. Last year on October 22, Prime Minister Modi launched the 'Rozgar Mela' initiative, commencing a campaign to provide one million government jobs.

(The Times of India, 26.09.2023)

Retail inflation for industrial workers eases marginally to 6.91% in Aug - Retail inflation for industrial workers eased to 6.91 per cent in August from 7.54 per cent in July this year mainly due to lower prices of certain food items. "Year-on-year inflation for the month (August) stood at 6.91 per cent compared to 7.54 per cent for the previous month and 5.85 per cent during the corresponding month a year before," a Labour Bureau statement said. Food inflation stood at 10.06 per cent in August against 11.87 per cent in the previous month (July 2023) and 6.46 per cent during the corresponding month (August 2022) a year ago. The Labour Bureau, an attached office of the Ministry of Labour & Employment, has been compiling the Consumer Price Index for Industrial Workers (CPI-IW) every month on the basis of retail prices collected from 317 markets spread over 88 industrially important centres in the country. The index is compiled for 88 centres and All-India and is released on the last working day of the succeeding month. The All-India CPI-IW for August 2023 decreased by 0.5 points and stood at 139.2 points. It was 139.7 points in July 2023. The maximum downward pressure in the current index came from Food & Beverages group contributing 0.71 percentage point to the total change. At item level, wheat, poultry/chicken, eggs-hen, cotton seed oil, apple, brinjal, cauliflower, chillies green, ginger, lady's finger, tomato, electricity domestic, kerosene oil, etc. are responsible for the fall in index. However, it stated that this decrease was checked by Rice, Arhar Dal, Onion, Cumin Seed/Jira, Cooked Meal, Tailoring Charges, Books School/ITI, Private Tutor/Coaching Centre Fees, Tuition and other Fees College and School/ITI, Stationery, etc. putting upward pressure on the index. At centre level, Jaipur recorded a maximum decrease of 4.8 points. Among others, 3 centres recorded a decrease between 3 to 3.9 points, 11 centres between 2 to 2.9 points, 13 centres between 1 to 1.9 points and 22 centres between 0.1 to 0.9 points. On the contrary, Cuttack recorded a maximum increase of 4.4 points followed by Jalandhar with 4.0 points and Dadra & Nagar Haveli and Kollam with 3.7 points each. Among others, 3 centres recorded an increase between 2 to 2.9 points, 9 centres between 1 to 1.9 points and 18 centres between 0.1 to 0.9 points. Rest of 4 centres' indices remained stationary.

(Business Standard, 29.09.2023)

Consumer Price Index Numbers for Industrial Workers (CPI-IW) on base 2016=100 and Agricultural and Rural Labourers on base 1986-87=100 for the month of August, 2023

Consumer Price Index Numbers for Industrial Workers - The All-India CPI-IW for August, 2023 decreased by 0.5 points and stood at 139.2 (one hundred thirty nine point two). On 1-month percentage change, it decreased by 0.36 per cent with respect to previous month compared to increase of 0.23 per cent recorded between corresponding months a year ago. The maximum downward pressure in current index came from Food & Beverages group contributing 0.71 percentage point to the total change. At item level, Wheat, Poultry/Chicken, Eggs-hen, Cotton Seed Oil, Apple, Brinjal, Cauliflower, Chillies Green, Ginger, Lady's Finger, Tomato, Electricity Domestic, Kerosene Oil, etc. are responsible for the fall in index. However, this decrease was checked by Rice, Arhar Dal, Onion, Cumin Seed/Jira, Cooked Meal, Tailoring Charges, Books School/ITI, Private Tutor/Coaching Centre Fees, Tuition and other Fees-College and School/ITI, Stationery, etc. putting upward pressure on the index. At centre level, Jaipur recorded a maximum decrease of 4.8 points. Among others, 3 centres recorded decrease between 3 to 3.9 points, 11 centres between 2 to 2.9 points, 13 centres between 1 to 1.9 points and 22 centres between 0.1 to 0.9 points. On the contrary, Cuttack recorded a maximum increase of 4.4 points followed by Jalandhar with 4.0 points and Dadra & Nagar Haveli and Kollam with 3.7 points each. Among others, 3 centres recorded increase between 2 to 2.9 points, 9 centres between 1 to 1.9 points and 18 centres between 0.1 to 0.9 points. Rest of 4 centres' indices remained stationary. Year-on-year inflation for the month stood at 6.91 per cent compared to 7.54 per cent for the previous month and 5.85 per cent during the corresponding month a year before. Similarly, Food inflation stood at 10.06 per cent against 11.87 per cent of the previous month and 6.46 per cent during the corresponding month a year ago.

(Labour Bureau)

Consumer Price Index Numbers for Agricultural and Rural Labourers - The All-India Consumer Price Index Number for Agricultural Labourers and Rural Labourers (Base: 1986-87=100) for the month of August, 2023 increased by 9 points and 8 points respectively to stand at 1224 (One thousand two hundred and twenty four) and 1234 (One thousand two hundred and thirty four) points respectively. The major contribution towards the rise in general index of Agricultural Labourers and Rural Labourers came from food group to the extent of 8.38 and 7.69 points respectively mainly due to increase in prices of rice, wheat atta, pulses, milk, meat-goat, sugar, gur, chillies-dry, turmeric, garlic, onion, mixed spices, etc. The rise in index varied from State to State. In case of Agricultural Labourers, it recorded an increase of 2 to 19 points in 20 States. Tamil Nadu with 1423 points topped the index table whereas Himachal Pradesh with 942 points stood at the bottom. In case of Rural Labourers, it recorded an increase of 2 to 18 points in 20 States. Andhra Pradesh with 1412 points topped the index table whereas Himachal Pradesh with 1003 points stood at the bottom. Amongst states, the maximum increase in the Consumer Price Index Numbers for Agricultural Labourers was experienced by Meghalaya (19 points) and for Rural Labourers by Gujarat and Meghalaya (18 points each) mainly due to rise in the prices of rice, pulses, beef, groundnut oil, onion, chillies green/dry, firewood, bus fare, etc. Point to point rate of inflation based on the CPI-AL and CPI-RL stood at 7.37% and 7.12% in August, 2023 compared to 7.43% and 7.26% respectively in July, 2023 and 6.94% & 7.26% respectively during the corresponding month of the previous year. Similarly, Food inflation stood at 8.89% and 8.64% in August, 2023 compared to 8.88% and 8.63% respectively in July, 2023 and 6.16% & 6.21% respectively during the corresponding month of the previous year.

US unemployment rate spikes to 3.8%; labor market still has momentum - U.S. job growth picked up in August, but the unemployment rate jumped to 3.8% and wage gains moderated, suggesting that labor market conditions were easing and cementing expectations that the Federal Reserve will not raise interest rates this month. The closely watched employment report from the Labor Department also showed 736,000 people entered the job market last month, boosting the participation rate to the highest level in 3-1/2 years. Concerns about an economic slowdown are probably luring people back into the labor market. The economy created 110,000 fewer jobs than previously reported in June and July, which some economists said suggested there had been business closures that were not previously captured. The report followed news this week that job openings dropped to the lowest level in nearly 2-1/2 years in July. The labor market is slowing in response to the U.S. central bank's hefty rate hikes to cool demand in the economy. "This is probably the final nail in the coffin for the chances of another rate hike by the Fed in September," said Christopher Rupkey, chief economist at FWDBONDS in New York. Nonfarm payrolls increased by 187,000 jobs last month after rising by 157,000 in July. Job growth averaged 150,000 per month over the past three months, sharply down from 238,000 in the three months through May. Economists polled by Reuters had forecast payrolls would increase by 170,000 jobs last month. Employment gains, however, remain well above the roughly 100,000 jobs per month needed to keep up with the increase in the working-age population. The share of industries adding jobs was the highest in seven months, indicating underlying strength in the labor market. A strike by Hollywood actors resulted in a decrease of 17,000 jobs in the motion picture and sound recording industries last month. The bankruptcy of trucking firm Yellow in early August led to 37,000 job losses in the truck transportation industry. Without these one-time drags, payrolls would have increased by about 241,000 in August. "This is still not the picture of the labor market we would expect to see if the economy were in danger of decelerating dramatically in the short term, although without question there are signs of moderation," said Rick Rieder, chief investment officer of global fixed income at BlackRock. Stocks on Wall Street were trading mostly lower after rising earlier. The dollar gained versus a basket of currencies. U.S. Treasury yields rose. Though demand for labor is ebbing, some services businesses such as healthcare, restaurants, bars and hotels are still desperate for workers. Employment gains in August were led by the healthcare sector, which added 71,000 jobs, spread across ambulatory services, hospitals, nursing and residential care facilities. Leisure and hospitality payrolls increased by 40,000. Employment in the industry remains 290,000 jobs below its pre-pandemic level. The construction industry added 22,000 jobs, while manufacturing payrolls rebounded by 16,000 jobs. Employment in the professional and business services sector rose by 19,000, but temporary help services, which is seen as a harbinger for future hiring, continued to decline, losing 19,000 positions. Government payrolls increased marginally. The transportation and warehousing sector shed 34,000 jobs, with employment in the sector also depressed by the loss of 9,000 courier and messenger jobs. Wage growth moderated last month. Average hourly earnings climbed 0.2%, the smallest rise since February 2022, after gaining 0.4% in July. In the 12 months through August, wages rose 4.3% after increasing 4.4% in July. Wages are still rising faster than the 3.5% pace that economists say is consistent with the Fed's 2% target. As fewer people quit their jobs in search of greener pastures, wage growth could continue to trend lower. But some economists are worried that recent union contracts, including one at United Parcel Service, could put upward pressure on wages. The United Auto Workers last month said members voted overwhelmingly in favor of authorizing a strike at General Motors (GM.N), opens new tab, Ford Motor (F.N), opens new tab and Stellantis (STLAM.MI), opens new tab, if an agreement over wages and pension plans was not reached before the current four-year contract expires on Sept. 14. Since March 2022, the Fed has raised its policy rate by 525 basis points to the current 5.25%-5.50% range. Financial markets are now betting the central bank is done raising rates and may start cutting them next year, according to CME Group's FedWatch Tool. Futures tied to the Fed's policy rate show only a slight chance of a rate hike at the Sept. 19-20 meeting. There was no sign employers were reducing hours last month. The average workweek rose to 34.4 hours from 34.3 in July. That contributed to an increase in aggregate wage income, which should support consumer spending and the overall economy. The economic outlook also got a boost from other data showing a surge in construction spending in July and a slower pace of contraction in manufacturing in

August. Though household employment increased by 222,000 in August, it was insufficient enough to absorb the 736,000 people who entered the force. That pushed the unemployment rate to 3.8%, the highest level since February 2022, from 3.5% in July. The jobless rate remains below the Fed's latest median estimate of 4.1% by the fourth quarter of this year. The rise in the jobless rate was concentrated among young adults. The labor force participation rate, or the proportion of working-age Americans who have a job or are looking for one, increased to 62.8%. That was the highest level since February 2020 and was up from 62.6% in July. The rise was mostly among young adults and women aged 55 and older. "The increase among women 55 years and older is promising if it continues, as it could signal the end of the early retirement trend," said Stephen Juneau, a U.S. economist at Bank of America Securities in New York. "The increase among men 16-19 is mixed news because these workers probably are not in college and are now less likely to go."

(Reuters, 02.09.2023)

UK wage growth points to another rate hike but jobless rate rises - Another record month for British pay growth put the Bank of England on track to raise interest rates once again, perhaps for the last time in the current cycle, as data on Tuesday also pointed to a cooling labour market. Average weekly earnings growth in the three months to July rose to 8.5% in annual terms, up from 8.4% a month earlier and marking a new high, excluding distortions during the COVID-19 pandemic, in records dating back more than 20 years, the Office for National Statistics (ONS) said. Most investors think this will prompt the BoE to raise interest rates again on Sept. 22, to 5.5% from 5.25%, as it tries to tame the highest rate of inflation among major advanced economies. But other labour market gauges underlined caution about the economic outlook among many of the BoE's top officials. The unemployment rate rose, the number of people in work fell sharply and vacancies dipped below 1 million for the first time in two years. "The bigger question is about the path thereafter," said Hugh Gimber, global market strategist at J.P. Morgan Asset Management. "The Bank will be reluctant to keep tightening if they've watched other central banks around the world hit pause. "Yet if incoming data doesn't turn definitively, another hike to a terminal rate of 5.75% is absolutely on the table." BoE Governor Andrew Bailey said the central bank is "much nearer" to ending its run of rate increases but that borrowing costs might still have further to rise because of stubborn inflation pressures. The unemployment rate rose to 4.3% in the three months to July from 4.2% a month earlier, its highest since the three months to the end of September 2021, the ONS said. The jobless rate is already higher than the 4.1% the BoE had pencilled in for the third quarter as a whole, when it published its last set of forecasts in early August. Employment dropped by a greater-than-expected 207,000 in the three months to July, including a drop of 182,000 in London - the biggest such fall since the three months to October 2020. The number of employed people aged 16-24 meanwhile dropped by 176,000 in the three months to July - the second-largest such fall on record. "The labour market is showing more signs of cracks than ever before," economists at Nomura said, adding that they expected the BoE's Monetary Policy Committee to be more split next week over raising rates than it had been in previous months. Sterling fell slightly against the dollar after the data. Wages continued to rise quickly, and above the rate of inflation. Pay packets excluding bonuses were 7.8% larger than a year earlier - the joint-fastest rate since ONS records began in 2001 and in line with economists' forecasts in a Reuters poll. Adjusting for consumer price inflation, total average weekly earnings grew 0.6% - the first positive number since March 2022. While good news for workers, the level of pay in real terms remains no better than it was more than 15 years ago. "Wage growth remains high, partly reflecting one-off payments to public sector workers, but for real wages to grow sustainably we must stick to our plan to halve inflation," finance minister Jeremy Hunt said.

(Reuters, 12.09.2023)

France's SocGen pledges to plug gender pay gap with \$107 million - Societe Generale said it will try to close its gender pay gap by spending 100 million euros (\$107 million) to boost remuneration of the French bank's female employees over the next two years. Employers globally have been criticised for moving slowly to close the gap and data in countries such as Britain, which has a large financial services sector, shows the difference at banks between pay for male and female staff is often far bigger. Many banks have pledged to move faster but SocGen (SOGN.PA),

opens new tab, which employs 117,000 people in 66 countries, is unusual in publicly allocating a budget and pledging to spend it. A spokesperson for SocGen told Reuters that France's third-largest listed bank had reached the 100 million euro sum by calculating the cash needed to close the gender pay gap for women in the same or similar roles as men, where there was no reasonable explanation for a discrepancy. The money amounts to less than 1% of SocGen's roughly 10 billion euro total wage bill. The spokesperson declined to provide a group gender pay gap percentage figure. "We believe that allocating 100 million euros will close the pay gap," the spokesperson said in an email to Reuters, after the bank earlier gave its strategy update. Many banks have said they are acting to end discrepancies, but say it will take time to eliminate pay gaps completely due to more men typically holding senior roles in the industry. SocGen acknowledges that more men will continue to hold senior roles than women for some time and that it would take longer for the average female employee to be paid the same as the average male employee. It announced a target of having 35% of senior leadership roles held by women by 2026. SocGen's 2022 gender pay gap report in the UK, which covers employees at its London and international business, said the median pay gap for hourly pay was 26.2% - much higher than the average UK employer but less than the 30.1% average across 20 of the biggest finance firms. Businesses with more than 250 employees in Britain must disclose the difference between the pay and bonuses of male and female staff. Ann Francke, chief executive at the Chartered Management Institute, said in UK workplaces managers and their organisations often identify pay gaps but stop short of enacting measures to close them. SocGen appeared to be addressing "this issue in a meaningful way, by really 'doing' something", Francke said. Consultancy EY said that having more women in senior roles was vital for closing pay gaps. Although 43% of European financial services board members are now women, they are less likely than male counterparts to hold C-suite roles.

(Reuters, 18.09.2023)

Jordan Launches Second Phase of 'WAEI' Campaign Promoting Labour Rights and Inclusivity in Jordan - On 20th September, the second phase of the national campaign aimed at raising awareness of workers' rights in the private sector WAEI and the release of the booklet titled "The Rights of Working Women in Labour Law" was successfully launched. This significant event took place under the patronage of Her Excellency Eng. Maha Ali, Secretary-General of the Jordanian National Committee for Women, and Farouk Al-Hadidi, Secretary-General of the Ministry of Labour. The event was organized in collaboration with the International Labour Organization, the General Federation of Jordanian Trade Unions, and the Greater Amman Municipality. The second phase of the WAEI campaign focuses on enhancing awareness of Labour Rights under the Labour Law. Specifically, this phase emphasizes the labour rights of workers with disabilities, their employment conditions, child labour, and workers' rights during probation periods. Maha Ali, underscored the campaign's significance in raising awareness about labour rights for women and people with disabilities. She also highlighted that the booklet that was developed as part of this campaign to include the rights of working women under the Labour Law, will play a pivotal role in educating women and girls about their labour rights, by this means promoting their increased participation in the labour market. Ali emphasized the importance of the partnership between the National Commission for Women, the Ministry of Labour and the General Union of Jordanian Workers in empowering women and girls and promoting their rights. His Excellency Farouk Al-Hadidi, the Secretary-General of the Ministry of Labour, emphasized that creating a workplace free from violations and transgressions can only be achieved through continuous and genuine awareness among both workers and employers regarding the rights and responsibilities of all parties involved in the production process. He also highlighted that the second phase of the WAEI campaign is centered on the labour rights of workers with disabilities, their employment conditions, child protection in the labour market and raising awareness about the regulations outlined in the law concerning child labour. Al-Hadidi clarified that the labour law contains legal provisions in line with International Labour Standards, explicitly addressing the employment of people with disabilities and their rights. The Ministry established a department for the employment of people with disabilities at the end of 2015. Additionally, the Regulations for the Employment of Persons with Disabilities, No. 35 of 2021, were issued in accordance with the provisions of the Labour Law. He further emphasized that the Labour Law provides clear guidelines, in accordance with international standards, to curb child labour. A specialized department within the Ministry's Central Inspection

Directorate is responsible for monitoring child labor and reducing such cases, with ongoing coordination with the Ministries of Social Development and Education to ensure that children's rightful place is in the classrooms rather than the labour market. Al-Hadidi also highlighted the significance of the booklet "Labour Rights of Working Women under the Labour Law" which comprehensively outlines the labour rights of women working in the private sector as specified in the Labour Law, as well as the accompanying regulations and instructions. He noted that the first phase of the campaign focused on raising awareness about labour rights for both male and female workers, such as leaves, minimum wages and the process for filing labor complaints with the Ministry of Labour. Reem Aslan, the Gender Specialist at the International Labour Organization Regional Office for Arab States, commended Jordan's efforts to align national legislation with International Labour Standards. These efforts include recent amendments to the Labour Law, which incorporate provisions related to non-discrimination in employment and occupation, protection against workplace harassment, and protection for workers in specific night work. Aslan stressed the ILO's commitment to participating in legal awareness campaigns organized in collaboration with national entities. Such participation serves to increase awareness of prevailing national laws and International Labour Standards, ultimately ensuring that workers are well-informed about decent working conditions free from any violation of their labour rights. She emphasized the importance of sharing experiences with countries like Norway and Sweden regarding the role of legal awareness in enforcing legislation and promoting gender equality. Aslan stressed that enhancing women's economic participation is of utmost importance and contributes positively to future legislative amendments. Malik Al-Maaytah, the Director of Planning and Development at the General Union of Jordanian Workers, affirmed the union's collaboration with all relevant parties to enhance awareness of labour rights over the past decades. He underscored the importance of effective communication among all stakeholders and the critical need to disseminate awareness about labour rights guaranteed by current legislation. This dissemination helps foster a culture of labour awareness among workers in various economic sectors and increases employers' awareness of their responsibilities toward labor rights. Al-Maaytah also praised the role of the Ministry of Labour and all partners in launching this campaign. The WAEI campaign will employ various tools to reach its target audience, including workers in the private sector and employers. The campaign will involve the dissemination of 12 awareness messages through SMS to over 1.35 million citizens via local communication networks. Additionally, it will utilize social media platforms to distribute up to 25 awareness messages. Furthermore, these messages will be displayed on billboards and advertising boards managed by the Greater Amman Municipality. It's worth mentioning that the first phase of the WAEI campaign was successfully completed, running from November 20th to December 12th, 2022. This phase was the result of collaborative national efforts, involving coordination meetings and consultations among all campaign partners, with the aim of raising awareness among workers about their labour rights as stipulated in the Labour Law and the importance of employers adhering to these rights to ensure the labor rights of both female and male workers.

(ILO News, 21.09.2023)

श्रम निर्णय LABOUR DECISION

Writ Petition against wrong placing of seniority-High Court finding that there was lacunae on part of Union of India in communicating the eventualities under which seniority may be lost.

The case under reference here is of a petitioner who was posted as Deputy Commandant (Exe) in Central Industrial Security Force (CISF) and claimed to have qualified Central Police Force Examination in the year 2009 and had secured All India Rank No. 8 in the final result that was declared on 13.10.2010. He claimed to have been issued appointment letter by the respondents i.e. Union of India on 25.08.2011 for the post of Assistant Commandant (Exe), wherein he was asked to join his basic training from 05.09.2011. He accepted the offer of appointment vide his communication dated 29.08.2011 and requested the respondents to grant two months time to join his training. According to the petitioner, the said letter was replied by the respondents on 22.09.2011 that is much later than when he was supposed to join training and wherein it was mentioned that he had sought "Extension for Next Batch" instead of "Extension for Two Months". Hence the petitioner could not join his training on 05.09.2011 and was directed, vide letter dated 28.09.2012 to join training with the next batch from 29.10.2012.

Petitioner was aggrieved that in the seniority list notified by the respondents in September, 2014, he was wrongly placed at Serial No. 322 by wrongly taking his initial appointment as 27.10.2012 instead of 25.08.2011. Therefore, petitioner made a representation to the respondents and reminder letter was also sent. The respondents informed the petitioner that a similar matter was pending adjudication before the High Court of Hyderabad and he should wait for outcome of the same. Finding no resolution to his grievance, petitioner preferred a writ petition, before Delhi High Court seeking restoration of his seniority from the date of his appointment i.e. 25.08.2011. During pendency of the said writ petition, the respondents promoted one Mr. Ankit Dubey to the post of Deputy Commandant (Exe) and placed him at Serial No. 48. Thereafter, the writ petition preferred by the petitioner before Delhi High Court was partly allowed, wherein it was directed that the seniority of the petitioner shall be considered as per the rank secured by him in the written examination of the year 2009. Thereafter, respondents amended the seniority list. However, in contravention of judgment dated 24.08.2017 passed by this Court, the date of appointment of petitioner was taken as 27.10.2012 instead of 25.08.2011.

Consequently, again petitioner made a representation to the respondents to re-fix his seniority, which was replied by the respondents informing the petitioner that his seniority in the rank of Assistant Commandant (Exe) had been re-fixed by the Directorate vide order dated 11.05.2018. Thereafter, petitioner was promoted to the rank of Deputy Commandant (Exe) vide Notification dated 26.03.2019.

Petitioner claimed to have been erroneously placed below one Mr. Bijender Singh Patwal. Aggrieved by the aforesaid order, the present petition had been filed by the petitioner seeking setting aside thereof. In addition, petitioner also sought proper pay fixation, including grant of senior time scale from the date of his initial appointment i.e. 25.08.2011 in parity with his batch mates.

Learned Counsel for petitioner further submitted that though the petitioner's seniority had time and again been re-fixed retrospectively, however not in consonance with directions issued by Delhi High Court vide judgement dated 24.08.2017. Lastly, the present petition deserved to be allowed and a direction be issued to the respondents to re-fix petitioner's seniority, promotion and other consequential benefits.

Respondents submitted that vide letter dated 25.08.2011 giving offer of appointment, the petitioner was directed to join basic training on 05.09.2011. However, since petitioner had submitted application dated 29.08.2011 seeking extension of two months to join the basic training, the same was allowed by vide letter dated 22.09.2011, wherein it was categorically mentioned that he is permitted to join with the next batch and his seniority shall be regulated as per DoPT OM No. 9/23/74-Estt.D dated 06.06.1978. Pursuant thereto, petitioner had joined the 2011 batch. Further, his seniority had been fixed along with Batch mates of the year 2011 since the petitioner had joined

with the 2011 Batch and physically joined CISF on 27.10.2012, therefore, his date of joining is shown as 27.10.2012.

Once it had already been held that there had been lacunae on the part of respondents in communicating under what eventualities he may lose his seniority with the batch of 2009 and that the OM No. 9/23/74-Estt.D dated 06.06.1978 can not be implemented in totality in the case of petitioner, the Delhi High Court found that the petitioner can not be made to suffer for the fault and lapse of respondents.

In view of the aforesaid discussion, the Delhi High Court partly allowed the present writ petition with the direction that the respondents would maintain the seniority of the petitioner as per the rank secured by him in the Central Police Forces (AC) Written Examination, 2009. However, as far as promotion is concerned, the petitioner would have to meet the eligibility criteria and would be considered in terms of the extant rules. Further, there would be no order as to costs. Accordingly the respondents were directed to issue fresh seniority list within from weeks, positioning the petitioners in terms of his merit obtained in the examination of year i.e. 2009 and grant him consequential promotion and benefits. With aforesaid direction, the present and pending application was disposed of accordingly.

Notes

1. Prices and Price Indices

1.1. Consumer Price Index Numbers for Industrial Workers

A.1.1.1. Labour Bureau's Series of All India Consumer Price Index Numbers for Industrial Workers (Base: 2016=100) – The All-India Consumer Price Index Numbers for Industrial Workers on Base: 2016=100 (General and Group-wise) along with Linking Factors with previous base: 2001=100 are presented in Table A.1.1.1. The All India Index is a weighted average of 88 constituent centre Indices compiled by the Labour Bureau. The current series of the Index Numbers has been introduced with effect from September, 2020 index replacing the series on base: 2001=100. The All India General Index as well as Group Indices for previous series on base: 2001=100 can be obtained by multiplying the current series indices by the respective Linking Factors. A note on the scope and methods of construction of these index numbers was published in December 2020 issue of the "Indian Labour Journal". The All India Consumer Price Index Number for the month of August, 2023 increased by 0.5 points with respect to previous month and stood at 139.2 points.

A.1.1.2. Labour Bureau's Series of Consumer Price Index Numbers for Industrial Workers in respect of 88 constituent centres on Base: 2016=100 – The Consumer Price Index Numbers for industrial workers on Base: 2016=100 for 88 centres compiled by the Labour Bureau are presented group wise in Table A.1.1.2 for the months of July, 2023 and August, 2023. The Index Numbers measure the extent to which the overall levels of retail prices of goods and services consumed by Industrial Workers has changed when compared with the base period viz., 2016=100. As compared to previous month, the magnitude of rise/fall in the General Index varies from centre to centre. During August, 2023, Jaipur recorded a maximum decrease of 4.8 points. Among others, 3 centres recorded decrease between 3 to 3.9 points, 11 centres between 2 to 2.9 points, 13 centres between 1 to 1.9 points, and 22 centres between 0.1 to 0.9 points. On the contrary, Cuttak recorded a maximum increase of 4.4 points followed by Jalandhar with 4.0 points and Dadra & Nagar Haveli and Kollam with 3.7 points each. Among other, 3 centres recorded increase between 2 to 2.9 points, 9 centres between 1 to 1.9 points and 18 centres between 0.1 to 0.9 points. Rest of 4 centers index remained stationary.

1.2. Consumer Price Index Numbers for Agricultural and Rural Labourers:

A.1.2.1 (a) and (b). Labour Bureau's Series of Consumer Price Index Numbers for Agricultural and Rural Labourers on Base: 1986-87=100 - All-India Consumer Price Index Numbers for Agricultural and Rural Labourers on Base: 1986-87=100 replacing the earlier series on base 1960-61=100 were released with effect from November, 1995. The all-India index is a weighted average of 20 constituent State indices compiled by the Labour Bureau for Agricultural and Rural Labourers separately. A detailed note on the scope and method of construction of these indices was published in February, 1996 issue of the Indian Labour Journal.

The Consumer Price Index Numbers (Base: 1986-87=100) for Agricultural and Rural Labourers for 20 States and All-India are presented group-wise in Tables A.1.2.1 (a) and (b) for the months of July, 2023 and August, 2023. These index numbers measure the extent of change in the retail prices of goods and services consumed by Agricultural and Rural Labourers as compared with the base period viz., 1986-87. The All-India Consumer Price Index Number for Agricultural Labourers and Rural Labourers (Base: 1986-87=100) for the month of August, 2023 increased by 9 & 8 points respectively to stand at 1224 (One thousand two hundred and twenty four) and 1234 (One thousand two hundred and thirty four) points respectively.

A.1.2.2 (a) and (b). Monthly Consumer Prices of Selected Articles for Agricultural and Rural Labourers – The monthly consumer prices of selected articles of index basket of agricultural and rural labourers utilized in the compilation of Consumer Price Index Numbers (Base: 1986-

87=100) for 20 States separately for Agricultural and Rural Labourers for the month of August, 2023 are given in Tables A.1.2.2. (a) and (b). Though the spatial coverage and the individual sample village quotations in both the series relating to the Agricultural and Rural Labourers are the same, the weighted prices of items at the State level will be slightly different from each other due to difference in the regional weights in each of the series.

2. Wages and Earnings

A.2.1 (a) and (b). Average Daily Wage Rates for Agricultural and Non-agricultural occupations- In pursuance of the recommendations of the Technical Working Group on rural retail prices set up by the NSO in 1974, Labour Bureau has been compiling and maintaining average daily wage rate data in respect of agricultural and non-agricultural occupations based on the data collected by the Field Operation Division of National Statistical Office (NSO) from a fixed set of 600 sample villages spread over 66 NSS regions in 20 states. Though these wage rate data have been collected since 1986-87, their regular compilation and dissemination started w.e.f December, 1998. The average daily wage rate data was collected for eleven agricultural and seven non-agricultural occupations till October, 2013. However, following the recommendations of the Working Group constituted by the CSO on advice of the National Statistical Commission (NSC), wage rate data is now being collected for 25 occupations (12 agricultural and 13 non-agricultural). The daily wage rate data received from the field are first normalized for eight working hours a day. The simple arithmetic average of these normalized daily wage rates is worked out for each of the 20 states. The average wage rates at all-India level are derived by dividing the sum total of wages of all the 20 states by the number of quotations. These averages are restricted only to those occupations where the number of quotations are five or more in order to avoid the apparent inconsistency in wages paid to different categories of workers on account of differences in number of quotations. The month-wise average daily wage rates are thus worked out at State level and also at all-India level are released regularly to the users through various sources. State-wise and all-India average daily wage rates by occupation and sex for the month of August, 2023 have been presented in Table A.2.1 (a) for agricultural occupations and Table A.2.1 (b) for non-agricultural occupations.

3. Industrial Dispute

A.3.1. Sector / Sphere-wise Number of Disputes, Workers Involved and Mandays Lost due to Industrial Disputes from January to August, 2023 – These statistics are received in the Bureau from the State Labour Departments and Regional Labour Commissioners (Central) in the prescribed format in the shape of monthly voluntary returns covering State and Central Spheres separately. Information on Strikes and Lockouts is collected by the concerned authorities and sent to the Bureau every month. Consolidated information for the year 2023 (as on 30th September, 2023) is presented in Table A.3.1.

A.3.2. Industrial Disputes (All Strikes and Lockouts) during January to August, 2023 - State-wise scenario of Industrial Disputes from January to August, 2023 is presented in Table A.3.2.

NOTES - 1. Labour Bureau takes every care to ensure correctness of the information presented in Sections A and B of the Journal. However, any error, if noticed, may kindly be brought to the notice of the Labour Bureau.

2. The indices given in Sections A and B measure the relative change in Consumer Prices over time at each Centre and as such these cannot be used for comparison of costliness among the different Centres.

टिप्पणी Note:- कीमतें दिये गए राज्य के प्रतिदर्श गांवों में चयनित दुकानों से लिए गए व्यक्तिगत उद्धरणों पर आधारित औसत कीमतें हैं तथा ये विनिर्देशन भिन्नता के कारण आपस में सही रूप से तुलनीय नहीं हैं। इसके अतिरिक्त कृषि श्रमिकों के लिए उपभोक्ता मूल्य सूचकांक के संकलन में उपयोग की गई सभी मदों की कीमतों का प्रकाशन संसाधनों की कमी के कारण नहीं किया जा रहा है / The prices are average prices based on individual quotations obtained from the selected outlets of the sample villages of a given State and are not comparable with each other due to their varying specifications. Besides, the prices of all the items utilised in compilation of C.P.I. Numbers for Agricultural Labourers are not being published due to resource constraints.

टिप्पणी Note:- कीमतें दिये गए राज्य के प्रतिदर्श गांवों में चयनित दुकानों से लिए गए व्यक्तिगत उद्धरणों पर आधारित औसत कीमतें हैं तथा ये विनिर्देशन भिन्नता के कारण आपस में सही रूप से तुलनीय नहीं हैं । इसके अतिरिक्त ग्रामीण श्रमिकों के लिए उपभोक्ता मूल्य सूचकांक के संकलन में उपयोग की गई सभी मदों की कीमतों का प्रकाशन संसाधनों की कमी के कारण नहीं किया जा रहा है / The prices are average prices based on individual quotations obtained from the selected outlets of the sample villages of a given State and are not comparable with each other due to their varying specifications. Besides, the prices of all the items utilised in compilation of C.P.I. Numbers for Rural Labourers are not being published due to resource constraints.

खंड ब SECTION B

क्रमिक सांख्यिकी SERIAL STATISTICS

Notes

1. Prices and Price Indices

1.1 Industrial Workers' Consumer Price Index

B.1.1.1 All-India Consumer Price Index Numbers for Industrial Workers – The All India Consumer Price Index Numbers (General and Food) on base 2016=100 are being published since their first release with effect from September, 2020 index replacing the old series on base: 2001=100. The indices for the old base (2001=100) series can be derived by multiplying the 2016 series indices by the Linking Factors, which are 2.88 for the General index and 3.00 for the Food index. Similarly, the indices for 1982 series can be derived by multiplying the 2001 series indices by the Linking factors, which are 4.63 and 4.58 for General and Food group respectively. Further, the indices for the old base (1960=100) series can be derived by multiplying the 1982 series indices by the Linking Factors, which are 4.93 for the General index and 4.98 for the Food index. The Annual Average (Calendar year 2006 to 2022 as well as financial year 2006-07 to 2022-23) and monthly All India Index Numbers (General & Food) alongwith twelve month moving average from August, 2022 to August, 2023 have been presented in Table B.1.1.1.

B.1.1.2 Labour Bureau's Series of Consumer Price Index Numbers for Industrial Workers – Serial statistics in respect of Consumer Price Index Numbers for Industrial Workers on base 2001=100 and new series on base 2016=100 (General Index only) for 88 centres are set out in Table B.1.1.2.

1.2 Consumer Price Index Numbers for Agricultural Labourers

B.1.2.1 (a) and (b) All-India Consumer Price Index Numbers for Agricultural and Rural Labourers (Base: 1986-87=100) – Serial statistics relating to the All-India Consumer Price Index Numbers (General and Food) for Agricultural and Rural Labourers on base 1986-87=100 separately for Agricultural Years 1995-96 to 2022-23, Financial Years 1995-96 to 2022-23 and Calendar Years 1995 to 2022 along with month-wise indices and 12-month moving averages for August, 2022 to August, 2023 are presented in Tables B.1.2.1 (a) and (b) respectively.

B.1.2.2 (a) and (b) Labour Bureau's Series of Consumer Price Index Numbers for Agricultural Labourers and Rural Labourers on Base: 1986-87=100 – Serial statistics in respect of Consumer Price Index Numbers (General Index) for Agricultural Labourers and Rural Labourers (Base: 1986-87=100) for 20 States are given in Tables B.1.2.2 (a) and (b) respectively.

1.3 Consumer Price Index for Rural, Urban and Combined

B.1.3 All india Consumer Price Index for Rural, Urban and Combined - The Consumer Price Index (CPI) for Rural (R), Urban (U) and Combined (C) are compiled and published by the National Statistical Office, Ministry of Statistics and Program Implementation, Govt. of India. The current series of CPI-R, CPI-U and CPI-C on base 2012=100 was released w.e.f. January, 2015 replacing the earlier series on base 2010=100. The All-India Consumer Price Index for Rural, Urban and Combined for the years 2011 to 2022 (Annual Averages) and for August, 2022 to August, 2023 (Monthly Figures) have been presented in Table B.1.3.

1.4 Wholesale Price Index

B.1.4 *All India Index Numbers of Wholesale prices* – The current series of Index Numbers of Wholesale Prices in India on base 2011-12=100 was released w.e.f. April, 2017 by replacing the earlier series on base 2004-05=100. These Index Numbers are compiled and published by the Office of the Economic Adviser, Ministry of Commerce & Industry, and Govt. of India. The indices for the period 2010 to 2022 (Annual Averages) and for August, 2022 to August, 2023 (Monthly Figures) are set out in Table B.1.4. These index numbers are published here to serve as supplementary information to the users of Consumer Price Index Numbers.

2. Wages and Earnings

B.2.1 *Earnings (Basic Wage and Dearness Allowance) of the Lowest-paid Workers/Operatives in Cotton Textile Mills* – The information concerning earnings of cotton producing Centres/States received from the State Governments, Employers' Associations and Individual Units is presented in Table B.2.1. The earnings of workers include minimum basic wage and dearness Allowance by whatever name called. The dearness allowance is linked to the Working Class Consumer Price Index Numbers of different Centres and varies from month to month according to the variation in the index.

3. Industrial Disputes

B.3.1 *Industrial Disputes (All Strikes and Lockouts)* – Industrial Disputes Statistics for the Years 2013 to 2023 are presented in Table B.3.1.

1. कीमतें एवं मूल्य सूचकांक PRICES AND PRICE INDICES

#- No Linking Factor as these centres were not covered in the earlier series.

* Rounded up from second decimal place.

Linking Factor – Figures on previous base (General Index) can be obtained by multiplying the index numbers of new base by the respective linking factors given against each centre and rounding off the result to the nearest whole number.

Note: -(i) Agricultural Year (July to June). (ii) Financial Year (April to March). (iii) New series of Consumer Price Index Numbers for Agricultural Labourers on Base: 1986-87=100 released w.e.f. November, 1995. To obtain indices on Base: 1960-61=100, the index figures need to be multiplied by the linking factor as below:-
General Index - 5.89, Food Index - 6.38

@ = औसत केवल 8 महीनों अर्थात् नव., 95 से जून, 96 तक पर आधारित/Average based on 8 months i.e. Nov., 95 to June, 96 only.

^ = औसत केवल 5 महीनों अर्थात् नव., 95 से मार्च, 96 तक पर आधारित/Average based on 5 months i.e. Nov., 95 to March, 96 only

\$ = औसत केवल 2 महीनों अर्थात् नव., 95 से दिस., 95 तक पर आधारित/Average based on 2 months i.e. Nov., 95 and Dec., 95 only.

तालिका ब.1.2.1 (ब) - ग्रामीण श्रमिकों के लिए वर्ष-वार अखिल भारतीय औसत उपभोक्ता मूल्य सूचकांक (सामान्य एवं खाद्य आधार: 1986-87 = 100)

(Report on Four Service Industries)

The Seventh Round OWS, 2017 report on Four Service Industries (Electricity Generation & Distribution, Railways, Public Motor Transport and Ports & Docks Industries) presents statistics on Employment Structure, Wage Rates, Dearness Allowances and Average Daily Earnings by Occupation and Industry/Stratum.

Symbol: PDLB-679 Price : Rs. 393.00
120-2018 (DSK-II)

13. RURAL LABOUR ENQUIRY REPORT ON WAGES & EARNINGS OF RURAL LABOUR HOUSEHOLDS – 2009-2010

The report contains data on Wages & Earnings of Rural labour Households collected by the National Sample Survey Organisation during its 66th round (2009-2010) of survey. It gives information on Wages & Earnings of Rural as well as Agricultural Labour Households by States and Categories of Households, in the country, for various agricultural occupations. The data is of immense use to the planners, researchers and policy framers.

Symbol: PDLB - 691 Price : Rs. 220.00
250-2017 (DSK-II)

14. RURAL LABOUR ENQUIRY REPORT ON GENERAL CHARACTERISTICS OF RURAL LABOUR HOUSEHOLDS – 2009-2010

The report contains data on general characteristics of rural labour households, viz., demographic structure of labour households; size of households; land holding pattern of households; and number of agricultural and non-agricultural households, etc.

Symbol: PDLB – 672 Price : Rs. 90.00
250-2016 (DSK-II)

15. RURAL LABOUR ENQUIRY REPORT ON INDEBTEDNESS AMONG RURAL LABOUR HOUSEHOLDS – 2009-2010

The report analyses the magnitude and incidence of indebtedness among rural and agricultural labour households in the country on the basis of the results of data collected by National Sample Survey Organisation during its 66th round (2009-2010) of survey. The data is of immense use to the planners, researchers and policy framers.

Symbol: PDLB – 688 Price : Rs. 230.00
250-2017 (DSK-II)

16. RURAL LABOUR ENQUIRY REPORT ON CONSUMPTION EXPENDITURE OF RURAL LABOUR HOUSEHOLDS - 2009-2010

The report presents analysis of data on consumption expenditure of the rural labour households collected by the National Sample Survey Office during the 66th round (2009-10) of the survey. The data is of immense use to the planners, researchers and policy framers.

Symbol: PDLB – 673 Price : Rs. 170.00
250-2016 (DSK-II)

17. RURAL LABOUR ENQUIRY REPORT ON EMPLOYMENT & UNEMPLOYMENT OF RURAL LABOUR HOUSEHOLDS - 2009-2010

The report presents analysis of data on employment & unemployment of rural labour households on the basis of the results of data collected by National Sample Survey Organisation during its 66th round (2009-10) of survey. This report has been brought out in two volumes. Vol.-I presents the main findings whereas Vol.-II contains 'appendices' in which detailed data have been presented. The data is of immense use to the planners, researchers and policy framers.

Symbol: PDLB – 693 Price (per set) : Rs. 525.00
250-2018 (DSK-II)

18. CONSUMER PRICE INDEX NUMBERS FOR AGRICULTURAL AND RURAL LABOURERS (Base: 1986-87=100) ANNUAL REPORT 2021-22

This publication contains detailed information on Consumer price Index Numbers for Agricultural and Rural Labourers (Base: 1986-87=100) for the period July, 2021 to June, 2022. These index numbers, and especially the CPI (AL), play an important role in fixing/revising the minimum wages of agricultural workers.

Symbol: PDL – 583 Price: Rs. 125.00
150-2022 (DSK-II)

19. CONSUMER PRICE INDEX NUMBERS FOR INDUSTRIAL WORKERS (2001=100 & 2016=100) ANNUAL REPORT 2020

The report contains indices on base 2001=100 of all 78 centres till the month of August 2020 and on current base 2016=100 w.e.f. September, 2020 of all 88 centres and All-India at group/sub-group level Indices. It also includes serial data for centres and All-India for 2001=100 as well as 2016=100 series with their linking factors.

Symbol: PDL – 582
200-2022 (DSK-II)

20. WAGE RATES IN RURAL INDIA 2020-21 (Agricultural Year)

The publication contains daily wage rate data in respect of agricultural and non-agricultural occupations for the period July, 2020 to June, 2021. The data on wage rates play an important role in the calculation of State/National Income, drawing up and implementation of wage policy as well as in fixation/revision of support prices of agricultural crops.

Symbol: PDLB – 703 Price: Rs.160.00
150-2021 (DSK-II)

21. TRADE UNIONS IN INDIA 2018

Trade Unions in India is a biennial publication. It presents information in respect of Workers and Employers Unions, on Registered Trade Unions submitting returns by their sex-wise membership. Besides, it also presents data on income and expenditure of Workers as well as Employers Unions.

22. STATISTICAL PROFILE ON WOMEN LABOUR 2014-15

The publication provides comprehensive and recent most statistics on important aspects of Women Labour in India at one place and helps the researchers to study the gender variations in the population, employment, employment services and training, wages/earnings, participation in trade union movement, social security.

Symbol: PDLB -695 Price : Rs. 215.00
70-2019 (DSK-II)

23. REPORT ON MINIMUM WAGES ACT, 1948 FOR THE YEAR 2018

The report covers information on employment added, employments in which the Minimum Wages were fixed for the first time, the Minimum Wages in different scheduled employments prevalent during the year, the range of Minimum Wages, comparative Minimum Wage Rates prevailing in scheduled employments and number of Inspections etc.

24. INDIAN LABOUR YEAR BOOK 2020-21 (Combined)

The Indian Labour Year Book provides, in a compact volume, a general description of various topics, alongwith the latest available data in the field of labour such as Employment, Wages, Levels of Living and Consumer Price Index Numbers, Industrial Relation, Welfare, Housing, Health, Labour Legislation, Labour Administration etc., alongwith relevant supporting statistics and synopsis of Labour Bureau Publications.

Symbol: PDLB-19-2020-2021 Price : Rs. 337.00
175-2023 (DSK-III)

25. INDIAN LABOUR STATISTICS 2020 (Bilingual)

A bilingual publication containing serial statistics relating to Labour and Labour related matters. It presents data on employment in Factories, Mines, Plantation, Railways, Employment Service and Training, Wages and Earnings, Price Indices, Trade Unions, Industrial Injuries, Absenteeism and Labour Turnover, Social Security, Industrial Disputes and International statistics pertaining to Labour.

Symbol: PDLB -30-2020 (Bilingual)
100-2022 (DSK-III)

Price: Rs. 325.00

26. POCKET BOOK OF LABOUR STATISTICS 2020 (Bilingual)

Pocket Book of Labour Statistics presents in a concise form the principal statistical series in respect of important aspects of labour. These statistics cover data on employment; population and labour force; wages and earnings; Prices; trade unions; industrial disputes; accidents, safety and absenteeism; social security etc. along with brief explanatory notes.

Symbol: PDLB-163.2020 (Bilingual)
175-2022 (DSK-III)

Price: Rs.460.00
