

## Category of Workers

During the QES, information has been collected regarding the category of employment in the establishments from 9 selected sectors of the economy. The information was captured by bifurcating the employment in four categories i.e. self-employed, Casual workers, regular workers and other workers.

Below table presents Percentage Distribution of Total Number of Estimated Workers according to Different Terms of Employment for the nine selected sectors.

<b>Percentage Distribution of Total Number of Estimated Workers according to Different Terms of Employment</b>				
QES Quarter	Regular	Self-employed	Casual	Others
Q1	87.50	1.60	2.10	8.80
Q2	87.00	2.00	2.10	8.90
Q3	85.33	2.10	2.14	10.43
Q4	86.42	1.96	2.29	9.33
